

What: MICC Acquisition Small Businesses Open House “QUESTIONS”

Held: Tue 5/27/2014

1. Does Ft. Carson procure mobile or ground-based tactical communications systems?

Yes, commercial off the shelf products only.

2. For critical languages is there a POC to discuss an opportunity to merge products and services with the Ft. Carson language department or should I work with the LREC on a different base? And does ACS make decisions for the language education for children on Ft. Carson?

Please contact Fort Carson Army Community Service (ACS) at 719-526-4590, or see website at www.carson.army.mil

3. Whom do I talk to or contact to discuss the Society of American Military Engineers and their function in small business?

<http://same.org/> or 303-819-2160

4. What is the outlook for IT projects in this region? And how much tribal procurement engagement outreach is taking place within the contract command in this region?

The North American Industry Classification System (NAICS) for IT mostly fall within the 8(a), EDWOSB or WOSB set-aside categories. Two of our largest IT contracts this year have gone to Tribal 8(a) companies. Currently, we do not have IT requirements that are candidates for Tribal 8(a) set-aside that will be awarded in Fiscal Year 2014, however we will look to do so in the future when the requirement is contractually appropriate.

5. Is there a forecast for the A/E design requirements?

918th CCBN/MICC Fort Carson does not have authority to write A/E design contracts. Unfortunately, there is no forecast for the type of requirements you seek from this office.

6. Is the vegetation removal at PC Depot a “set aside”, has it been advertised, and if not then when?

Currently, it is in early stages of Acquisition Planning and is projected to be set aside for small business. Final determination of set aside will be made prior to the advertisement of the requirement. Estimated advertisement is 4th QTR 2014.

7. Whom do I talk to and how do I contact the Ft. Carson secure document and records storage facilities?

Contact Fort Carson Freedom Of Information Act (FOIA) office at 719-526-2114

8. For substance abuse and mental health facilities whom do we contact and what is the demand for PTSD issues or substance abuse issues off post?

*Consult the Fort Carson MEDDAC Telephone Directory at:
<http://evans.amedd.army.mil/phones/phones.htm>*

9. What would be the best way to present a capabilities brief and to go over presenting a company overview of Soldiers PPE?

*Small Business Specialist
Mission and Installation Contracting Command (MICC)
1676 Evans Street, Bldg 1220, 1st Flr
Fort Carson, CO 80913-5198
Comm: 719-526-6634 DSN: 691-6634
Fax: 719-526-4622*

10. We are looking for a POC or contact to explain and discuss training and services for Ft. Carson would this be possible and with whom?

*DPTMS:
Training Support Officer
DPTMS, Training Support Center
6710 Specker Ave, Bldg 2010
Fort Carson, CO 80913
719-526-0799
719-526-1650 (fax)*

11. What is Ability One role in the Army's regulations? Are units required to use the NIB NISH supply store "Envision Express"?

Federal Acquisition Regulation Part 8 regulates mandatory sources of supply. Ability One is of the mandatory sources of supply

12. Do all services for clean-up of water and sewage and mold go directly to service engineers or can a contract be made with individual restoration companies for the clean-up? And if so has the contract already been established?

Not all services for clean-up of water and sewage and mold go directly to service engineers.

Contact:

Chief, Operations and Maintenance Division

Fort Carson Directorate of Public Works

O: 719-526-2215

C: 719-491-8596

13. How big of a role do mobile devices (smart phones, tablets and laptops) play in the Soldiers daily activities and are any projects or plans in progress to increase the need versus the workload?

All mobile devices are acquired under an Army Wide Blanket Purchase Agreement

14. How would I go about presenting a capabilities brief to the NEC and WTi?

Importance of Small Business

- Small Business plays a critical role in the support of the Army's Mission and the overall strength of the US Industrial Base
- Conducting market research & allowing small business the opportunity to bid will enhance solutions, promote fairness & trust, and effective competition
- Federal Acquisition Regulation (FAR)
 - For requirements at or below the Simplified Acquisition Threshold (\$150K)
 - Automatically reserved exclusively for small businesses concerns so long as at least two small business can compete
 - For requirements above the Simplified Acquisition Threshold (\$150K)
 - Must first consider a small businesses socioeconomic contracting programs (i.e., 8(a), HUBZone, SDVOSB, or WOSB programs)
 - Then must consider a small business concerns so long as at least two small business can compete
